An explosion of experimental gamma energy turned scientist **BRUCE BANNER** into the super hero known as the **HULK**, one of the strongest beings in the universe today.

But there was a period of time when the green-skinned brawler moved to Las Vegas and took on a new identity--that of a gray-skinned mob enforcer known as...

J **O** **E** **F** **I** **X** **I** **T**

KINGPIN has come to Las Vegas to add the city to his criminal empire. Thanks to a rare toxin that gave him absolute control over Joe Fixit, Kingpin has already run Fixit's boss, **MICHAEL BERENGETTI**, out of town. While **SPIDER-MAN** searched for a cure for the toxin, Bruce Banner tried to talk some sense into his alter ego in their mindscape... only for Fixit to give Banner control of their shared body mid-leap, leaving Banner now plummeting to his death!
